

AKC Tracking Regs – Chapter 1, Section 18. Judging Program.

The test-giving club will prepare a program containing all entry numbers in the order in which they were drawn or in the order received when the total entry falls short of the advertised limits. The program will also include the scheduled time and location of the drawing for the running order of tracks, as well as directions to the location of the drawing. In the event of a two (2) or more consecutive day test, the day on which each entry number is to run will be included in the judging program. The judging program will provide a cell phone number of a committee member present at the test site the day(s) of the test.

The club will mail a copy of the program to the owner of each entered dog, to each judge, and to the AKC no less than seven (7) days prior to the test. The program will be printed in the catalog.

* **Judge's entry list (to be provided on the day of the test only):**

Prior to the draw for test day running order, the judges will be provided with the catalog number, breed, sex, and AKC number for each dog entered.

Email to the AKC at: tracking@akc.org

* Terry Southard will prepare from catalog info.
